Dear Mr. Feng,

Please find the attached Notice of Preparation of the Camrosa Water District's 2015 Urban Water Management Plan (2015 UWMP). California Water Code 10621(b) requires that agencies notify cities and counties to which they serve water that the Plan is being update and reviewed. The District anticipates having the draft Plan completed by April 1, 2016. The City will be notified once the draft Plan is complete and available for review and comment, ahead of the public hearing considering adoption of the 2015 UWMP, as per California Water Code sections 10620 and 10642.

Respectfully,

*Joe Willingham
