

NOTICE INVITING BIDS

Pursuant to statute and to the authorization approved by the Board of Directors of the Camrosa Water District on March 8, 2019, NOTICE IS HEREBY GIVEN that sealed bids for the RMWTP and University Well Standby Generator and Diesel Tank Installation, Specification No. PW 19-02, will be received by the District Engineer, at Camrosa's Headquarters, 7385 Santa Rosa Road, Camarillo, California, 93012, at or before 2:00 p.m. on April 25, 2019.

SCOPE OF WORK:

The proposed standby generators and diesel tanks (supplied by District) consists of the installation of one 500kW standby generator with a 7,000 gallon diesel storage tank at the Round Mountain Water Treatment Plant (RMWTP) and one 300kW standby generator with a 4,000 gallon diesel storage tank at the University Well with all connections and appurtenances. Major tasks shall include concrete support pad, anchoring system, fuel piping, electrical and controls and equipment installation.

There will be a voluntary pre-bid meeting at the District's Office held on April 4, 2019 at 10:00 AM.

The proposal shall be submitted and the work shall be performed by a Class A State of California licensed contractor in strict conformance with Specification No. PW 19-02, on file in the District's Engineering Department.

Copies of plans and specifications may be viewed or obtained through www.camrosa.com under Engineering or the QuestCDN website (www.questcdn.com). QUESTCDN is a web-based platform for construction project advertisements. Plans and specifications are free to review, but cost \$15 to download. **Quest project # 6195306**. All questions concerning the bid document should be directed to the District Engineer, Camrosa Water District at terryc@camrosa.com or (805) 482-8063.
