Re: Proposal for Updating the Camrosa Water District Strategic Plan

Dear Mr. Prichard,

Woodard & Curran is pleased to present our proposal to update the Camrosa Water District's (CWD or District) Strategic Plan. It is understood that this Strategic Plan update is the first phase of three-phase planning process. Our proposal includes the scope of work, schedule and fee for the Strategic Plan, with the assumption that the Master Plan phases will be contracted separately.

Woodard & Curran will be conducting this update in partnership with DeLoach & Associates, Inc. Our proposed planning process is designed to develop a programmatic set of strategic goals and objectives allowing the District to make sound policy, capital, operational and financial decisions. Continuous feedback and dialog with the Board of Directors (Board) and staff throughout the planning process will be critical to meeting the following approach goals:

- Clearly define a purpose consistent with the District's mission and vision, while identifying its strategic principals or values.
- Create a strategy for aligning activities and resources with the District's mission and vision as well as industry best practices.
- Design a robust planning and execution strategy in coordination with the master planning effort through the organizational structure enabling the District to take advantage of its human capital to turn vision into reality.
- Allow the District to convey its vision through enhanced communication and accountability to its customers, stakeholders, elected officials, and others.

We thank you for the opportunity to submit our proposal and look forward to working with you on this exciting project.

Sincerely,

SCOPE OF WORK

Task 1. Project Management and Controls

The consultant will set up and maintain project management and controls systems and meet internally on a weekly basis to review and assign consultant team actions. The consultant will also conduct up to eight (8), 30-minute project progress calls with District staff to indicate progress, get input needed and prepare for/debrief from Board Workshops.

The Consultant will develop and submit to the District monthly progress reports documenting at the task level, the following:

- summary of work completed over the most recent month
- list of proposed activities for the upcoming month
- list of pending data needs to support the planned activities for the upcoming month

The schedule for the Strategic Plan update is assumed to be about twelve weeks during May – August 2022. If the schedule is extended, then this Task will need to be amended to accommodate additional project management and controls needs.

Task 1 Deliverables:

- Four (4) monthly progress reports

Task 2: Strategic Plan Update

Subtask 2.1 – Workshops

The consultant will prepare for, facilitate and summarize a series of in-person, facilitated workshops with the Board of Directors (Board), designated staff and the consultant team. It is assumed that three (3) initial workshops will be conducted with two (2) final workshops to review and approve the 2022 Strategic Plan as follows:

- Workshop #1: Initial kick-off meeting, review of past planning efforts and influence modeling

- Workshop #3: Finalize SWOT exercise, conduct gap analysis and identify success factors
- Workshop #4: Present Draft Strategic Plan and gather input and comments
- Workshop #5: Present Final Strategic Plan

Workshops are assumed to be in-person and not to exceed three (3) hours. If any additional workshops are requested, Woodard & Curran can work with the District to amend this scope of work, schedule and fee.

Subtask 2.2 – Information Collection and Review

The exercise will define customer and stakeholder expectations and identify entities, constituency groups or individuals that are influenced by the actions of the District and conversely those who exert influence on the District through their actions. The consultant will work with District staff to Identify agencies and constituent groups to be included in the Influence Modeling Exercise before Workshop # 1 (where the exercise will be conducted) and after to review actions that could be mitigated to achieve greater efficiency.

The consultant will solidify strategic planning goals to be included in the updated Strategic Plan that result from the facilitated discussion during Workshop #2. These planning goals may include but are not limited to:

- Water Supply
- Infrastructure
- Financial Management

- Organizational Development

Subtask 2.5 – SWOT Exercise

The consultant will develop a Strengths, Weaknesses, Opportunities and Threats (SWOT) exercise to identify critical strengths, weaknesses, opportunities and threats confronting the District as it attempts to meet the strategic planning goals, which will be used to guide development of the Strategic Plan update. The consultant will conduct the initial SWOT exercise as part of Workshop #2 and a final SWOT exercise in Workshop #3.
