Public Hearing

on Proposed Water and Wastewater Rates

In compliance with Proposition 218, Camrosa Water District customers are invited to attend the Public Hearing for Proposed Rate Adjustments.

JUNE 6, 2024 | 5:00 PM

*Camrosa Water District Headquarters
7385 Santa Rosa Road, Camarillo, CA*

Proposed Rate Adjustments

Camrosa Water District recently completed a Comprehensive Rate Study that determined rate increases are necessary to maintain reliable water and wastewater services. These increases will account for the following factors:

- **Imported Water:** Increased costs to purchase imported water
- **Capital Improvements:** Projects to reduce reliance on imported water
- **Inflation:** Increased costs for maintenance & operations
- **Aging Infrastructure:** Increased costs to replace and repair aging infrastructure
- **Regulations:** Upgrades and enhancements needed to meet stringent environmental standards
- **Reserves:** Funding for emergencies and long-term fiscal health
